MOHAMMAD FARAJ ALLAH

Web-Developer

ABOUT ME

I have a strong interest in technology and a constant drive to improve and expand my technical abilities. I'm eager to stay current with emerging tools and industry developments.

I'm looking forward to contributing to a forward-thinking team where I can grow professionally and help deliver meaningful solutions that make a real difference.

EDUCATION

Programming and Data Database (PDB)
Gaza Training Center (GTC)
2022 - 2025

SKILLS

Languages and Technologies

C#, JavaScript, TypeScript, HTML, CSS, SQL-Server

Frameworks

ASP.NET Core MVC, Flutter, ReactJS, Next.js, JS

Development tools

Visual Studio, VS Code, Git, GitHub

Design tools

Figma, Adobe XD, Photoshop

Databases

SQL Server

Interfaces and layout

Tailwind CSS, jQuery

Concepts and techniques

REST APIs, JSON, MVC Architecture, Responsive Design

Office software

Microsoft Word, Excel, PowerPoint

EXPERIENCE

Projects   *2022- Present*

Freelance Software Developer | Personal & Team Projects

- Engaged in the development of diverse software applications using C# and ASP.NET Core, leveraging the MVC design pattern and SQL Server for building structured, scalable databases.
- Created and integrated Minimal APIs in ASP.NET Core, emphasizing secure architecture, JSON data handling, authorization workflows, and performance-optimized communication.
- Crafted responsive, user-friendly web interfaces using HTML, CSS, JavaScript, Tailwind CSS, and modern JavaScript frameworks such as React.js, Next.js, and TypeScript.
- Built multi-platform mobile apps using Flutter, targeting both Android and iOS environments.
- Enhanced front-end interactivity through the use of jQuery and dynamic UI components for improved user engagement.
- Utilized Git and GitHub for version control, maintaining organized, collaborative codebases with consistent documentation practices.
- Focused on clean code principles, UI/UX standards, and software development best practices in every project.
- Contributed to team-based and individual projects, offering technical support, troubleshooting assistance, and mentoring peers in various aspects of development.

LANGUAGE

- Arabic
- English
